The Review into the Future for Local Government Social Media Transparency Statement

Due to the nature of the Review, we have a wide range of social media accounts, each with its own specific creation and intended use. Our social media pages enable us to connect with people all around Aotearoa, share our stories, and highlight our mahi. We are committed to being open to what we hear. We're ready to be challenged and to engage in hard conversations.

Our social media channels are:

- [Facebook](#)
- [Instagram](#)
- [LinkedIn](#)
- [Twitter](#)

We welcome feedback and ideas from our followers and will try to join these conversations where possible, however we can't guarantee we will reply individually to every post. If you have an urgent query, please contact us directly. We may follow/like organisations and individuals that are relevant to our organisation. This does not imply endorsement or guarantee the accuracy of their information.

Your comments and feedback are important to us and we ask that you respect other people's views while using / interacting with our social media pages. We may remove any posts that include:

- any explicit or unrelated content or personal information such as addresses, phone numbers, email addresses or other online contact details;
- commercial endorsements or promotion of any product, service or publication;
- language or content that is defamatory, racist, sexist or discriminatory, insulting, offensive (including swearing and obscene or vulgar comments), or potentially harmful advice;
- content that is not accurate or relevant.

Comments or users that breach any of our terms may be removed and blocked from our pages.

Comments and tagged content are monitored during business hours, from 9am to 5pm Monday through Friday.

If you have any feedback about the Review or a complaint about anything we publish on our social media or website, please email futureforlg@dia.govt.nz.
